Brian's Cause Cancer Treatment Relief Fund

The Petal Project is a family friendly event that focuses on those who have been affected by cancer.

Please support our neighbors who are fighting cancer

Each year, Rush Memorial Hospital Foundation hosts an event to honor local cancer patients and survivors. Funds raised go back to the community in support for neighbors who are battling cancer and need financial assistance through the Brian's Cause Cancer Treatment Relief Fund.

Remembering and honoring those in our community who have lived with cancer is important to our mission and goals. Join us to honor and remember loved ones, friends, and neighbors. Now, more than ever, we need your support to help our neighbors.

- Medium logo on event shirt
- Signage at event and other media
- 2 Shirts

☐ **Strength Level - \$500**

- Small logo on event shirt
- Signage at event and other media
- 1 Shirt

☐ **Courage Level - \$300**

- Name listed on event shirt
- Name listed on program

☐ **Blessed Level - \$150**

- Name listed on event shirt

Brian's Cause: Rush County Cancer Treatment Relief Fund

Brian Conner, a lifelong Rush County resident, was diagnosed in 2006 with Non-Hodgkin's Lymphoma cancer. A group of family and friends from within the community converged raised funds to help cover "Brian's Cause". It was determined that this would become an ongoing effort knowing that unfortunately there will be other "Brians" who will need the same aid and support shown to Brian.
